

## Blizzard Bulletin Board

Written by: Mark Jones  
Created by: Gracie Jones

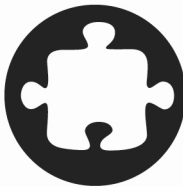

The Big  
Idea

Create a winter bulletin board with a snowman and snowflakes that the kids get to decorate.

Things to  
Gather

- White boarder paper
- Black, orange, light and dark blue and white construction paper
- Glue
- Scissors
- Stapler and staples
- Scrap pieces of fabric
- Coffee filters

Put it  
Together

Depending on the age of the kids you can either pre-cut the snowflakes and snowman pieces or you can have the kids cut out the designs themselves.

- Have each child help make the snowman by gluing on the eyes, nose, hat, scarf, buttons, etc.
- Have each child fold and cut their snowflake from the coffee filter
- Write the child's name and their favorite thing about winter on the snowflake if you want.
- Allow the kids to help you put the snowman and the snowflakes up on the bulletin board
- Title the board "Winter Frenzy" or "Blizzard of Fun" or "Brrr feels like a Blizzard."
